

Portables

Pump House - Portables (available as Cooling Only or Heat Pump) (Heat Pump option is a reverse cycle unit)

The Pump House portable air conditioners are suitable for offices, computer rooms and light commercial use. The cooling only model is ideal for cooling flats, conservatories or loft conversions during hot summer months.

The heat pump model can also be used as an energy efficient form of heating during the cold winter months.

Features:

- Meets EN14511 standard & EU commission regulation 206/2012.
- Proven well-tested designs.
- LED display and remote control (both models).
- Flexible exhaust hose - 1.5m (both models).
- Energy efficiency rating A.
- Suitable for areas up to 26 m².
- No pump required - self evaporating condensate.
- R410A Refrigerant.
