ASPEN
STORM
CHEMICALS

Everyday Maintenance

The future has arrived for air conditioning and refrigeration maintenance. Innovative, effective and powerful deep cleaning.
Storm – the complete range.

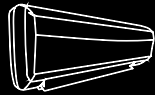

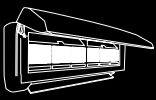

Powders

Less storage space needed, and all you need is water on site to enable mixing.

Powder bottles and sprays.
Bottle it up and feel the pressure!

L-R:
Wash Bottle 250
(250ml / 8 fl oz) SC9080
Power Spray 1
(1L / 32 fl oz) SC9090
Power Spray 5
(5L / 1.5 Gal) SC9100
Power Spray 10
(10L / 2.5 Gal) SC9110

Evaporator Cleaner

Designed for effective cleaning in a demanding environment.

Liquids/Aerosols

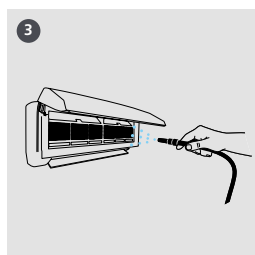

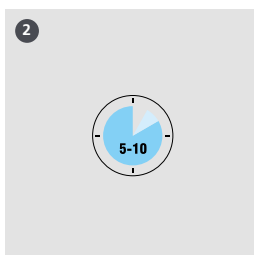

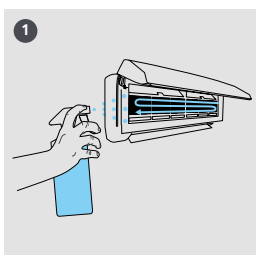

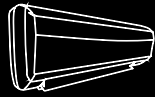

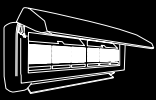

Powders

KEY FEATURES

- A unique formula designed to effectively clean the tough environment found in the evaporator and condensate tray
- Effectively eliminating odours and providing a healthy indoor environment
- Improves efficiency and air quality

OPTIONS		SUITABILITY	BENEFITS	
Disinfectant – 1L Super Concentrate	SC5000	Evaporators	Longer lasting	Unique formula providing a long lasting cleaning effect.
Disinfectant – 1L Ready Mix	SC5040	Condensate Tray	Deeper clean	Cleans deep into the microscopic layer.
Freshener – 600ml Aerosol	SC5960	Filters	Safer	Safe for the equipment, user, and the environment.
Freshener – 1L Powder Sachet	SC7400			
Freshener – 30L (6 x 5L Powder Sachets)	SC8210			
Freshener – 60L (6 x 10L Powder Sachets)	SC8480			

Condenser Cleaner

A new generation heavy duty condenser cleaner using deep cleaning technology.

Liquids/Aerosols

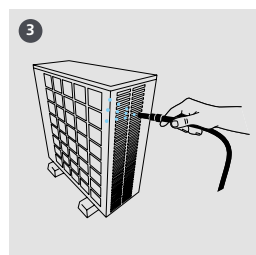

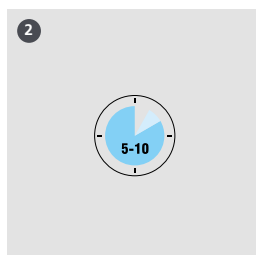

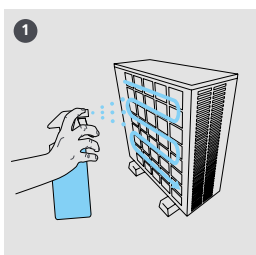

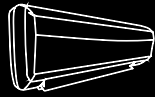

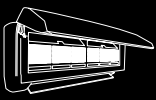

Powders

KEY FEATURES

- Micro-Tech deep cleaning technology
- Removes heavy dirt & grease
- Formulated to easily release deep dirt giving maximum results and safe usage
- Unique formula designed to provide maximum cleaning for all types of condensers including coated and micro channel

OPTIONS		SUITABILITY	BENEFITS	
1L Super Concentrate	SC5080	Condensers	Longer lasting	Unique formula providing a long lasting cleaning effect.
1L Ready Mix	SC5120		Deeper clean	Cleans deep into the microscopic layer.
600ml Aerosol	SC5160		Safer	Safe for the equipment, user, and the environment.
1L Powder Sachet	SC7490			
30L (6 x 5L Powder Sachets)	SC8300			
60L (6 x 10L Powder Sachets)	SC8570			

Universal Coil Cleaner

Designed to provide maximum cleaning for both indoor and outdoor use.

Liquids/Aerosols

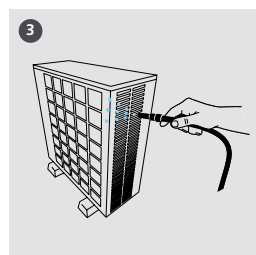

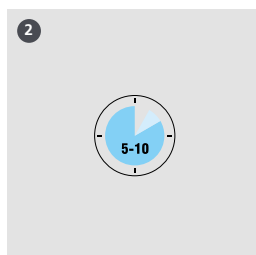

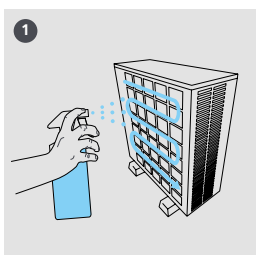

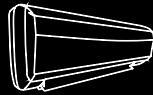

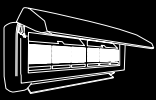

Powders

KEY FEATURES

- Micro-Tech deep cleaning technology
- Cleans & degreases
- Safe to use
- Ideal for regular maintenance programmes to help keep units working efficiently and providing a healthy environment

OPTIONS		SUITABILITY	BENEFITS	
1L Super Concentrate	SC5200	Evaporators	Longer lasting	Unique formula providing a long lasting cleaning effect.
1L Ready Mix	SC5240	Condensers	Deeper clean	Cleans deep into the microscopic layer.
600ml Aerosol	SC5280	Condensate Tray	Safer	Safe for the equipment, user, and the environment.
1L Powder Sachet	SC7580	Filters		
30L (6 x 5L Powder Sachets)	SC8390			
60L (6 x 10L Powder Sachets)	SC8660			

Case Cleaner

A specially formatted case and diffuser cleaner featuring Micro-Tech deep cleaning technology.

Aerosols

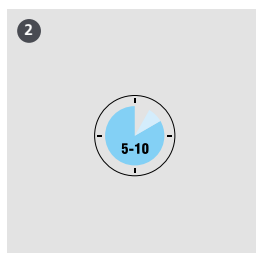

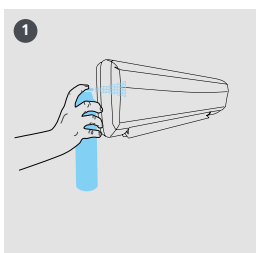

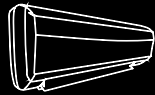

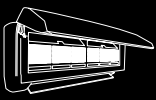

Powders

KEY FEATURES

- Effective & easy to use
- Ideal for cases & diffusers
- Designed to give a professional finish to your fascias and diffusers
- Easily and effectively releases dirt, including grease, nicotine and finger marks from surfaces

OPTIONS		SUITABILITY	BENEFITS	
600ml Aerosol	SC5560	Case indoors	Longer lasting	Unique formula providing a long lasting cleaning effect.
1L Powder Sachet	SC7850	Case outdoors	Deeper clean	Cleans deep into the microscopic layer.
			Safer	Safe for the equipment, user, and the environment.

Condenser Cleaner & Degreaser

Designed to effectively remove grease and dirt from condenser coils with no rinsing required.

Aerosols

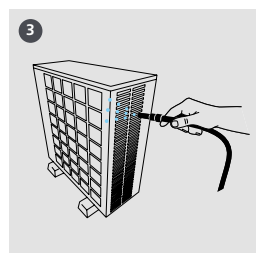

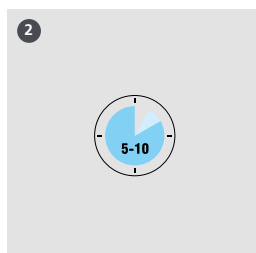

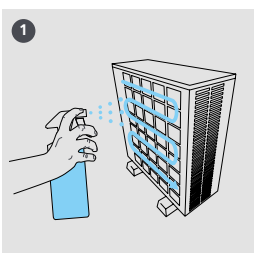

Powders

KEY FEATURES

- Dissolves grease on impact
- Fast drying
- Rapidly separates dirt & grease from surfaces and is ideal for those hard to reach areas

OPTIONS		SUITABILITY	BENEFITS	
600ml Aerosol	SC5520	Condensers	Longer lasting	Unique formula providing a long lasting cleaning effect.
1L Powder Sachet	SC7670		Deeper clean	Cleans deep into the microscopic layer.
			Safer	Safe for the equipment, user, and the environment.

ASPEN
STORM
CHEMICALS

Specialist Use

Specialist use aerosols, liquids and powders cover a wide range of specialist cleaning, including ice machine cleaners, portable AC cleaners and drains. Our large range also includes a unique formulation leak detector.

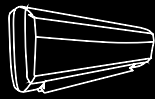

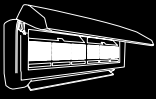

Powders

Most of our specialist use products are available in powder format. Less storage space needed, and all you need is water on site to enable mixing. Storm bottles and sprays also available.

Powder bottles and sprays.
Bottle it up and feel the pressure!

L-R:
Wash Bottle 250
(250ml / 8 fl oz) SC9080
Power Spray 1
(1L / 32 fl oz) SC9090
Power Spray 5
(5L / 1.5 Gal) SC9100
Power Spray 10
(10L / 2.5 Gal) SC9110

Odour Neutraliser

Designed to help remove bad odours within your HVAC system.

Liquids/Aerosols

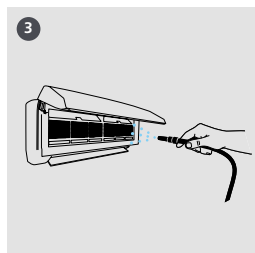

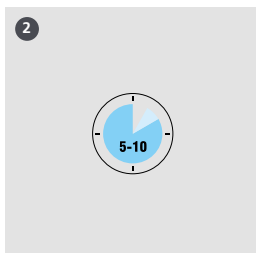

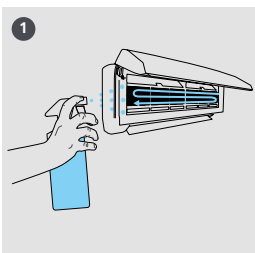

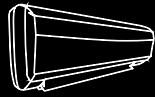

Powders

KEY FEATURES

- It's unique fresh formula is designed to restore a fresh and healthy indoor environment
- Effective odour removal
- Fresh air formula
- Safe to use

OPTIONS		SUITABILITY	BENEFITS	
1L Ready Mix	SC5320	Evaporators	Longer lasting	Unique formula providing a long lasting cleaning effect.
400ml Aerosol	SC5360	Filters	Deeper clean	Cleans deep into the microscopic layer.
			Safer	Safe for the equipment, user, and the environment.

Coil Coat

Designed to protect coils in today's tough environments using Hydrophobic Technology.

Liquids/Aerosols

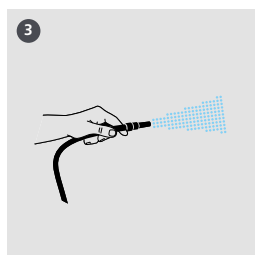

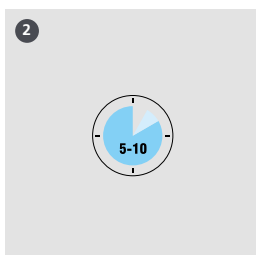

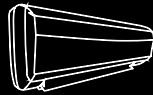

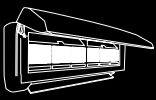

Powders

KEY FEATURES

- Forms a micro-thin molecular film coating which provides lasting surface protection
- When applied, it will protect the coils from adverse weather conditions and other harsh environments
- Ready mix: Hydrophobic technology. Effective corrosion protection for coils
- Aerosol: Indicator dye identifies complete coverage. Quick drying

OPTIONS		SUITABILITY	BENEFITS	
1L Ready Mix	SC5400	Evaporators	Longer lasting	Unique formula providing a long lasting cleaning effect.
600ml Aerosol	SC5440	Condensers	Deeper clean	Cleans deep into the microscopic layer.
			Safer	Safe for the equipment, user, and the environment.

Leak Detector

Features a unique bubble formulation which will effectively pin point leaks on the system.

Liquids/Aerosols

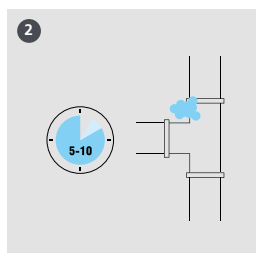

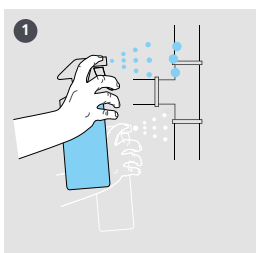

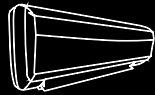

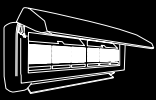

Powders

KEY FEATURES

- Pin points leaks on the system, including joints and pipework
- Locates leaks easily
- Packed conveniently as a spray that is easy and safe to use with the added benefit of being CFC free
- Effectively clings to surfaces

OPTIONS		SUITABILITY	BENEFITS	
1L Ready Mix	SC5480	Leak detection	Longer lasting	Unique formula providing a long lasting cleaning effect.
400ml Aerosol	SC6000		Deeper clean	Cleans deep into the microscopic layer.
1L Powder Sachet	SC7760		Safer	Safe for the equipment, user, and the environment.

Portable AC Cleaner

A specially designed cleaner for portable air conditioning to provide a deep clean.

Aerosols

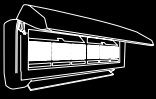

Powders

KEY FEATURES

- Its unique formula effectively cleans and helps provide a healthy indoor environment
- Safe and easy to use aerosol with its 360° nozzle
- Highly effective cleaning
- Deodorises
- Improves air quality

OPTIONS		SUITABILITY	BENEFITS	
150ml Aerosol	SC5680	Evaporators	Longer lasting	Unique formula providing a long lasting cleaning effect.
1L Powder Sachet	SC7940	Filters	Deeper clean	Cleans deep into the microscopic layer.
			Safer	Safe for the equipment, user, and the environment.

Ice Machine Cleaner

Formulated to effectively clean ice machines, rapidly removing dirt, soils and minerals.

Liquids

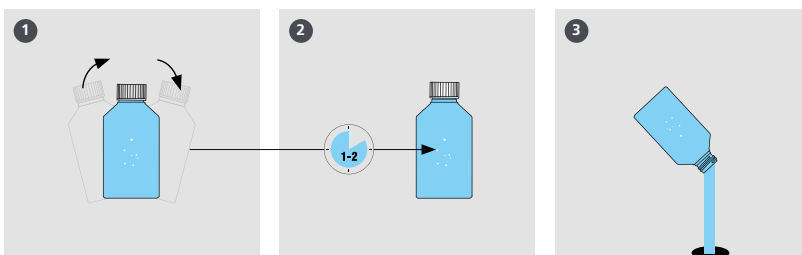

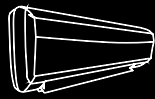

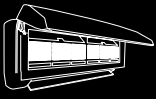

Powders

KEY FEATURES

- Safe to use on most commonly used metals including aluminium and nickel
- Suitable for use with all types of ice machines
- Effective deep cleaning
- Concentrated formula
- Suitable for most ice machines

OPTIONS		SUITABILITY	BENEFITS	
250ml Bottle	SC5600	Ice machine	Longer lasting	Unique formula providing a long lasting cleaning effect.
1L Powder Sachet	SC8030		Deeper clean	Cleans deep into the microscopic layer.
			Safer	Safe for the equipment, user, and the environment.

Drain Unblock

Drain Unblock is an effective and heavy duty drain cleaner.

Liquids

Powders

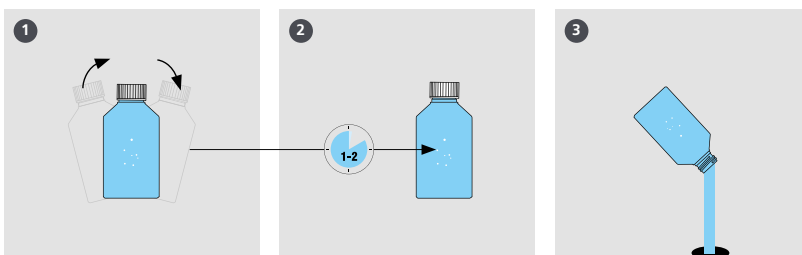

KEY FEATURES

- Using its Micro-Tech Deep Cleaning Technology formula, it effectively breaks down organic blockages, keeping drain lines clear
- Pump safe
- Drain unblock is also safe to use with condensate pumps
- Easy to use

OPTIONS	
250ml Bottle	SC5640
250ml Powder Sachet	SC8120

SUITABILITY
Drain lines

BENEFITS	
Longer lasting	Unique formula providing a long lasting cleaning effect.
Deeper clean	Cleans deep into the microscopic layer.
Safer	Safe for the equipment, user, and the environment.
